## SECTION SF 30 BLOCK 14 CONTINUATION PAGE

A. This amendment is hereby issued to delete the following DFARS clause.

252.219-7011 Notification to Delay Performance

JUN 1998

B. Amendment is also issued to provide the following questions and answers:

Q1: In the statement of work on page 2 under Purpose, it state "... requires the acquisition of a perpetual easement, and the construction of an all-purpose vehicle trail..." Please clarify that we have no responsibility for the construction of the military trail.

A1: Offeror has no responsibility for construction.

Q2: If need be, will the current owners of these parcels of land let our employees onto their property?

A2: No.

Q3: Does the government have aerial shots and legal descriptions for the eleven (11) parcels of land identified in the solicitation. Can they be made available to the offerors?

A3: The Government only has a color map of the proposed vehicle trail, which is provided as an attachment (map.pdf) to the Request for Quote.

Q4: Does the Government need only one copy of each title report? Do they want just the report or should copies of all the documents supporting each title report be included?

A4: The Government requires an original Status Title Report listing any and all encumbrances.

Q5: If the title reports have exceptions listed will the contractor be expected to clear them up? Will the Government need any other services such as closings, recordings or title insurance for the easements?

A5: Per Scope of Work, the Contractor is only required to deliver a Status Title Report.

Q6: Why do FAR Clauses 52.222-41 and 52.222-42 apply, these are generally for non-professional positions? Can the Government provide a copy of the applicable rates for Hawaii?

A6: FAR Clauses 52.222-41 and 52.222-42 apply for all service contracts. Hawaii Wage Determination No. 1994-2153, Revision No. 32, Revised 8-21-2003 is applicable to this requirement. A copy is provided as an attachment (SCA.pdf) to the Request for Quote.

Q7: If there is no construction requirement for the offeror then are clauses S-19A, S-19 and S-36 necessary? Why would the successful offeror have to prepare and submit an Accident Prevention Plan?

A7: Statements S-19A, S-19 and S-36 are required for all service contracts for the Honolulu Engineer District. As a result, a Safety Plan including an Accident Prevention Plan is required.

Q8: The fundamental question is whether the title company used is considered a sub-contractor or not?

A8: If the Title Company used is not the prime contractor, then they are considered to be a sub-contractor.

Q9: Are there any restrictions regarding which title company can supply the reports other than to be certified?

A9: No, but the prime contractor (small business) shall perform at least 50% of the serviced contract.

Q10. In other words, is there a 500 employee limit on the title company because they have to meet the small business concern requirement as well?

A10. No, but prime shall perform at least 50% of the serviced contract.

C. The offer due date and time remains unchanged.
